

Inspiration surrounds

LIFE is Janey Emery's inspiration for her forthcoming exhibition *Pieces of Me*.

The Clarkson resident said the people, places and activities that surround her every day provided her with an endless source of moments to be captured on canvas.

The exhibition will be Emery's first solo exhibition for 2007, following a successful showing at the Melbourne Arts Expo earlier this year.

Pieces of Me is made up of landscapes, seascapes, nudes, and portraits and will open on November 9 and run for three weeks.

The exhibition will be held at Fusion Fine Art Gallery at Dolphin Quay in Mandurah.
